**DETAILED ACTION**

***Response to Amendment***

Examiner acknowledges response by applicant's representative received  
1/25/06.

***Election/Restrictions***

Amended claims 1, 5, 6, 8 & 10-13 directed to invention I that is independent or distinct from invention II originally claimed for the following reasons: These claims are unrelated to the elected group since they are directed towards a different mode of operation.

Accordingly, claims 1-14 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 15-19 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. It is unclear how applicant intends to execute his game.

This application is examined as best understood

***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 15-19 are rejected under 35 U.S.C. 102(b) as being anticipated by Rodda et al. (305).

Rodda discloses a Blackjack Type Wagering Game Method

Regarding claim 15

Rodda teaches a card game with a modified deck (biased) that is played by multiple players with each receiving a hand (see abstract, figures 1 & 2, and claim 1).

Regarding claim 16

Rodda teaches players being dealt separate hands (different ranks) – (see claim 1).

Regarding claim 17

Rodda teaches a winning hand being one that does not exceed 7 and a half points (see col. 3, 65-68 and col.4, lines 1-35).

Regarding claim 18

Rodda teaches cards being dealt face down (see col. 4, lines 36-39), displaying cards (see col. 5, lines) and allowing players to fold or bet (see claim 1).

Regarding claim 19

Rodda teaches that his game can be adapted to be played by electronic means (see col. 7, lines 36-41).

**Conclusion**
